EDUCATION

Louisiana State University (LSU), Baton Rouge, LA

Roger Hadfield Ogden Honors College

Bachelor of Science, Electrical Engineering.

Minors: Computer Science, Computer Engineering.

Relevant coursework: Intro to programming (C++), Circuits, Electronics, Digital Logic, Microprocessor Systems, Controls, Digital Signal Processing, Computer Organization, Power, Power Sys. Modeling, and OS.

Graduation Date: May 2025

GPA: 4.2

President's Honor Roll

EXPERIENCE

Electrical Engineering Intern

September 2023 – Present

MMR Power Five Engineering, Baton Rouge, LA.

- Developed workflow and QC automation tools using VBA on large Excel datasets and AutoCAD drawings.
- Created an internal planning and management platform using PowerApps.
- Designed ETAP models for load flow analysis, transformer sizing, and motor-start voltage studies.
- Configured SEL relay settings by analyzing AC and DC schematics.
- Programmed and tested HMI designs and SCADA tags prior to commissioning using SEL RTAC and relays.
- Reviewed drawing packets and supervised proper wiring of control cabinets and terminal boxes in the field.
- Performed VLF cable testing in new switchgear.

Lab Teaching Assistant - Digital Logic

January 2024 – May 2024

College of Engineering, Louisiana State University.

- Instructed students on how to write programs in Verilog and execute them in Basys3 FPGA boards.
- Assisted the electrical implementation of logic diagrams, enforced safety rules and graded lab reports.

Supplemental Instructor - CSC 1253: C++ Programming

August 2022 – May 2024

College of Engineering, Louisiana State University.

- Applied methods of active learning by creating workshops and fun programming challenges.
- Took initiative to creatively illustrate coding basics to improve student understanding and increase retention.

IT Consultant

Summer 2024

Assistant Manager, Social Media Manager, and Photographer

July 2020 – June 2021

Maderos de San Juan, Armenia, Colombia.

- Wired and configured a LAN with a private server for unified storage, improved database, and remote access.
- Supervised the furniture manufacturing area, performed quality control over new products, and tracked inventory.
- Pioneered and operated an online store in conjunction with social media campaigns and advertising.
- Shot professional photos and videos of furniture, models, and interviews with DSLR camera and studio flashes.

SKILLS / HONORS

- Languages: Spanish (Native) and English.
- ETAP, C, C++, VBA, PowerApps, Verilog, MATLAB, assembly (ARM & MIPS), Swift, PSpice, PowerShell.
- AutoCAD, Excel macros, Photography (Adobe Photoshop & Lightroom), Video editing (Final Cut Pro X).
- LSU Sophomore Honors Distinction and President Honors Roll.
- Recipient of Academic Scholar Nonresident Award and Schlumberger Foundation Scholarship.

ACTIVITIES

- Semi-professional Junior triathlete for the National Triathlon Team (Colombia). **January 2016-March 2018**
- Track and Cross Country (Christ Episcopal School) **July 2018 – May 2019**
- Rotary Exchange Student **August 2018 -June 2019**
- Volunteer for Rotary International and Habitat for Humanity **2017 - 2022**
